Student Teaching Practicum
Weekly Reflection #4

Teachers should understand the importance of individual and group motivation and behavior and should be able to create a positive learning environment for their student.

Summary:
1. Summarize your teaching experiences during the past week.

Knowledge:
2. Describe what you learned this week about creating a positive learning environment for your students. How were you able to accomplish this? What challenges did you encounter?

Performance:
3. Describe any strengths/weaknesses that you had this week in creating a positive learning environment for your students. Were you able to encourage positive social interaction and active engagement in learning? What challenges did you face?

Disposition:
4. How important do you think it is for teachers to create a positive environment for their students? What effect do you think the environment plays in a child's formation and enthusiasm for learning?

5. Write one goal for yourself in regard to creating a positive learning environment for your students.
